RAYMOND PALMER FARM FOR \$4500

Fred Church of Pearl street has left town to enter the Worcester, Mass., becision of Judge Shumway, Who Fixes That as the Price the City Must Pay-Probable That Appeal Will Be Taken by Mr. Palmer.

> Judge Milton A. Shumway has esti-mated and determined the amount of compensation that J. Raymond Palmer of Montville shall receive to be \$4,500. It is understood that the board of which is to be in full satisfaction for damages sustained by him, and for the land and buildings acquired by the city for the purposes of the waterworks on Stony brook and for any injury done to Palmer through the taking of this property by the water board. The The amount of land taken is 125 acres and the buildings consist of a one and a half story house and barn. The iudge finds that J. Raymond Palmer had the exclusive ownership of the land and buildings in question, although prior to the judicial proceedings his wife, Carrie A. Palmer, claimed an undivided interest in the same, and a brother. William H. Palmer, of New Britain, likewise claimed an interest in the property. During the trial Carrie A. Palmer disclaimed all interest in the farm and William H. Palmer failed to appear, personally or by counsel, although he was duly notified to attend the hearing. With the approval of the engineer the company will open the line on Thursday when they intend to operate two cars there all day long, giving the patrons free rides, it is thought a fifteen-minute run will be made on the branch.
